Remembrance Day
Our school was involved in three Remembrance Day services. Some of our Year 7 and 8 students were part of the leadership team from King St Primary School that raised money for their memorial that was opened on Wednesday. They were invited back, along with our current school leaders, to be part of the first service with the new memorial. Our student leaders also represented us at the Singleton service. They were fine representatives of our school.

Our own service on Friday was an impressive occasion. Thank you to all students, whose attention on the whole was exemplary. We are extremely well represented not only by our student leaders, but by all students at our school. The culture of respect at these events is wonderful. The special guests remarked on the positive impression our students and staff gave. Special thank you to Mr Nigel Cox for his organisation of this event.

SRC fundraising
Our SRC featured in the Argus last Friday. They handed over the incredible amount of $14,500 to the Cancer Council from proceeds from Tommy’s Day. Mr Collins informed me on Friday that there was an extra $500 that came in late, raising the amount to a staggering $15,000.00. This is unheard of by the Cancer Council who said that they have never seen fundraising like this from any other school. Congratulations to our SRC students for their hard work and dedication.

Minister’s visit
The Minister for Early Childhood and Aboriginal Affairs, and Assistant Minister for Education, The Honourable Leslie Williams, visited Singleton High School on Friday. She was accompanied by the Local Member, Michael Johnson. They spent their visit in the KaWul centre. The Minister was very interested in speaking with our students about a number of programs in which they have been involved. Our students were delightful and happy to chat with her and conducted themselves admirably throughout the visit, doing us proud.

Humanitarian Engineering
Some of our Science students were fortunate to have a visit from Sydney University engineering students. See the article in this newsletter about engineering without borders.

We had our final P&C meeting for the year last week and I would like to take this opportunity to thank the P&C for their work this year. They are a dedicated and caring group who are deeply committed to ensuring continual improvement for our students. I encourage parents to attend any of our meetings next year.

Jo Gray, Principal
It has been a great privilege to be relieving in the deputy principal’s role for the majority of 2015 and now for the rest for 2016. This year has been full of many and varied challenges to maintain the high standard of the school.

The Aboriginal education program is getting bigger and bigger and as one of the leading schools in Aboriginal education we aim to keep the highest standard for our Aboriginal students as well as benefiting all students at Singleton High School. The new direction will be to ensure our boys’ and girls’ programs become focused on healthy lifestyles and education bringing together the best for the rounded person for the 21st Century. We are presently seeking funding to extend this venture and wish to thank our major sponsor Coal and Allied for their support for our Aboriginal programs at Singleton High School.

The introduction of STEM – Science Technology Engineering and Mathematics program is being introduced into Stage 4 Year 8 program in the technology lessons. This program is seeking sponsorship to endeavour to provide for our students the highest level of equipment for use within design projects. It will also enable contacts within industry to ensure students are provided with up to date knowledge of developments in today’s work force.

Singleton High School is also being involved with the Singleton Diversification Forum – A new direction for the Singleton economy with our leaders being present for the first forum at the Singleton Chamber of Commerce. These students are working with Mr Means and Councillor Scott to viewing ideas from a youth perspective to then submit to the forum group at the next meeting. The Singleton High School leadership groups and SRC are very excited to be working with this dynamic group of interested Singleton business leaders.

The Gifted and Talented team have put together a new direction for GATS at Singleton High School driving forward the Strategic Management Plan for 2015-17. Existing Enrichment class procedures will be maintained however an exciting new direction for our Stage 5 and 6 gifted and talented students will be implemented called Project Summit. More information will be available early 2016 however, it will involve currently identified Enrichment class participants, students with outstanding results and others with identified needs in this particular area.

Working with Year 10 students and setting those directions for their future education has been a major part of the role. I have been fortunate to work with Mrs Phillips and Mr Means to assist students in their transitions to work and for higher education. We have some students gaining entry to trade colleges, TAFE completing School to Work Transition course and other certificate courses enabling them to fulfilling dreams for their future careers. It is so pleasing to see such great opportunities happening for our students enabling individual pathways.

I would like to take this opportunity to wish everyone a well deserved break and thank you for your continued support for our great school.

Tracey Holloway, Deputy Years 9 & 10
Wellbeing Friday
Wellbeing Friday for week 8 focussed on the importance of equality and diversity. As many caregivers, teachers and educators know, the knowledge and skills that students develop in the classroom spreads outside - to the school community, families, and to the wider community. This is why human rights education is so important.

Did you know that 89% of Australians aged 13-17 have said that they had experienced racism or seen it happen to someone else? We want to see an Australia where everyone is treated with respect, no matter what their skin colour, background or culture.

Magna Carta: The Story of Our Freedom
Magna Carta has had an enduring legacy that has shaped the human rights and freedoms that all Australians enjoy today. In particular, Magna Carta advanced ideas of freedom, justice and the rule of law, principles which have become enshrined in our democracy.

Australian Human Rights Commission
Under the Australian Human Rights Commission Act and Australia’s Federal discrimination laws, the Commission has important functions in promoting and protecting the human rights which Australian governments have promised to respect, protect and ensure. https://www.humanrights.gov.au/

What is White Ribbon?
White Ribbon is Australia’s only national, male led campaign to end men’s violence against women.

Vision:
All women live in safety free from all forms of men’s violence.

Mission:
Making women’s safety a man’s issue too.

The campaign works through primary prevention initiatives involving awareness raising and education, and programs with youth, schools, workplaces and across the broader community.

Globally, White Ribbon is the world’s largest male-led movement to end men’s violence against women. Originating in Canada in 1991, White Ribbon is now active in more than 60 countries.

White Ribbon began in Australia in 2003 as part of UNIFEM (now UN Women), formally becoming a Foundation in 2007.

White Ribbon Australia observes the International Day of the Elimination of Violence against Women, also known as White Ribbon Day, annually on November 25. White Ribbon Day signals the start of the 16 Days of Activism to Stop Violence against Women, which ends on Human Rights Day (December 10).

However the campaign runs all year and is evident across the community through, for example, advertising and marketing campaigns such as Uncover Secrets, social media, community events and White Ribbon Night in July.

Kathleen Ballard, H/T Wellbeing
Year 7

Year 7 is the foundation year. It is the year when students take their first steps into the high school environment and way of life.

Their learning changes form, they adapt to being the youngest members of the community and they forge a place for themselves within that community and begin to build the habits and friendships that will shape the years to come. By and large the Year 7s of 2015 are to be congratulated upon the foundations they have established.

They have settled comfortably into the routines and requirements of students at Singleton High School and clearly established themselves within the fabric of the school. Having come from a number of different primary schools these distinctions have dissipated and students have formed firm friendships with old and new acquaintances within their classes and without. The habits they have developed now will stand them in good stead for the years to come.

Next year their classes will change and will continue to change from subject to subject. We encourage all our students to embrace these changes and see them as opportunities and we are confident they capable of doing exactly that.

T. Chapman & C. Koletsis-Tatt

Year 8

As we head into the last few weeks of school for the year, I’d like to take the time to mention a couple of things which are happening for Year 8.

The Year 8 end of year excursion is planned for Friday 11 December. The day will consist of tobogganing and swimming at facilities at Salamander Bay. We hope to see lots of students on the excursion as it is a great day.

The Well Done Assembly for Year 8 is scheduled for Monday 14 December. This assembly is simply for report hand-out.

I had the opportunity to visit Year 8 on their Upper Allyn Geography camp this week. I was impressed not only by the positive comments from the teachers regarding the students and their behaviour but also from the students about how much fun the camp was.

The last day of school for all students is Wednesday 16 December, with staff finishing on Friday 18 December. As this is the last newsletter for the year, I’d like to take the opportunity to thank all parents, carers and students for their ongoing support throughout the year and we would like to wish everyone a safe and enjoyable Christmas and I look forward to seeing the Year 8s as Year 9s next year!!

Yours in education

Mrs Bagnall and Mrs Lewis
Does asking questions really matter?
One of the most frequent comments I hear from students is “I really didn’t get what the teacher was teaching us.” My generic reply “Did you ask?” Their response more often than not and barely audible “No”.

So why is it important to ask questions?
As human beings we tend to recall information that will affect us or information that we can link to that which we already know. What this can mean is that in order to really remember that which we have learnt we need to make connections and get actively involved in the learning process.

It’s an absolute must for students to clarify when they are confused or not sure. I’m convinced part of the reason why students will not ask questions is because they fear looking stupid. What we inevitably find is that the questions that are asked may be on the minds of at least 5 other students (I have no scientific data on this only from my randomly asking this question from students in my 18 years of teaching).

I’ll illustrate with a story. A mother always cut the ends off her lamb roast the son asked “why do you do this?” To which mum replied “It’s what my mum did.” The son rang up the grandma and asked: “why do you cut the ends off the lamb roast?” Grandma replied “It’s what my mum did.” He rang up great grandma “Why do you cut the ends off roasts she replied “because it wouldn’t fit in my baking tray.”

Asking questions can bring a clarity and better understanding. A tip if a student is unhappy to ask in front of the class wait behind and see the teacher or come visit the LAC in your breaks.

Learning Assistance Centre

Opal Card

The school Opal card will officially launch its new online application for relevant parents and students travelling in the Opal public transport region on Monday 2 November.

The application can be found at transportnsw.info/school-students

Just like current paper travel passes, the School Opal card gives eligible students free travel to and from school on school days. However, the School Opal card makes travel simpler, because now students don’t need multiple application forms and passes if they use different transport operators within the Opal network.

Students with school travel passes this year will not need to apply for a School Opal card unless they are changing schools, campus, their home address or moving from year 2 to 3 or year 6 to 7.

Those students who do not need to apply will have a School Opal card sent to your school for the beginning of the first term in 2016.
MEET THE STAFF

This term we welcomed Mr Beau Berman, our new Head Teacher of HSIE. Mr Berman was previously at Callaghan College at Waratah. We asked him a few questions.

What are your early impressions of Singleton High School?
It’s much bigger than my last school but I’ve found the students and staff to be very welcoming and supportive over the past few weeks. The number of students who have approached me in the playground to ask me questions to get to know me has been great.

Tell us about your experience as a school student?
Going through High School I always knew that I wanted to be a teacher and worked towards that end. I was fairly quiet and focused and ensured that I was as organised as possible to get the most out of each and every subject.

What was your favourite subject at school?
History was the subject that I was most drawn to, I had two teachers who were very passionate about the subject and really engaged me every lesson. I loved exploring the motivations and effects of some of the great figures in the ancient world.

Best memory of your childhood school?
Both my Primary and High School were very community focused and driven by passionate teachers, this created a great culture in both schools and students were able to build some great relationships with the staff.

What do you enjoy most about your role at Singleton High School?
The welcome and support that I have received so far from the entire staff. The HSIE staff in particular have been fantastic and have really helped me settle into the school over the past few weeks which has been greatly appreciated.

Tip to win the A-League?
While I’d like to think that the Newcastle Jets are in the mix I feel that it will most likely be the Brisbane roar, or Western Sydney Wanderers based on form at the moment.
Minister’s Visit

On last Friday November 20, the Minister for Aboriginal Affairs, Leslie Williams, visited the KaWul Centre. She was interested in how Aboriginal culture has an impact on Singleton High School.

We told Minister Williams about the Junior Aboriginal Education Consultative Group and introduced her to its members. We explained to her that we are the voice for Aboriginal students in Singleton High School and also informed her of the other Aboriginal programs within the school such as Norta Norta and Aboriginal Dance.

Minister Williams was very interested to hear about our excursion on Friday to “Walk a Mile Koori style”. The excursion involves the Junior Aboriginal Education Consultative Group travelling to Newcastle to march against domestic violence. Minister Williams watched and helped us paint a banner that we will use on Friday.

It was a really fun day and I was proud to represent our school and show the minister how great our Aboriginal programs are.

Larnie Bowden
Junior AECG President

Minwellbrook Upper Hunter Mining Dialogue community Day

On Wednesday, November 25, 14 students from Singleton High School attended the Muswellbrook UHMD Community Day.

The day consisted of a guided tour of Mangoola Mine where students were allowed to view the mining operations first-hand. Environmental specialists from Mangoola Mine spoke with the students about the award-winning rehabilitation program and the environmental future direction of the mine.

The students were then treated to lunch, marquee displays featuring items such as air, noise and water monitoring systems, and finished the day with a personalised talk with Dr. Tim Collins from the Tom Farrell Institute.

A great day was had by all!
Margaret Bagnall, HSIE

Muswellbrook Upper Hunter Mining Dialogue community Day
UNGOOROO NEWS
NOVEMBER 2015

UGGOOROO
ABORIGINAL CORPORATION

UNGOOROO would like to acknowledge the traditional owners of the land now known as the Hunter Valley, the Wanaruah and Awabakal people and all Aboriginal people who now call this region their home, as well as paying our respects to elders past and present.

UNGOOROO is proud to announce the launch of a dental service and increased health services

UNGOOROO Aboriginal Corporation in collaboration with Glencore, the Poche Centre for Indigenous Health at the University of Sydney and Hunter New England Local Health District are proud to launch Ungooroos new dental service. The dental service is currently available on a fortnightly basis at Ungooroos Aboriginal Corporation for Indigenous children 0-18 years from the Singleton and Muswellbrook area. (Dates are on following page).

WUPA 2015 OPENING NIGHT

A heartfelt thankyou and congratulations to all who were involved in the opening night for WUPA 2015. Once again we enjoyed the hospitality and family atmosphere of Hunter Valley Resort, as 16 of our local Aboriginal artists shared their stories and culture as showcased through their traditional and contemporary designs. The quality of art work was exceptional, as evidenced in the keen interest shown by those in attendance and the high number of enquiries and sales made on the night.

The dance group led by Michael Heitmeyer put on a fantastic show and added a special element to the cultural atmosphere of the evening. Their performance created a great introduction to an evening that focused on the diversity and culture of the Wanaruah people and surrounding Aboriginal nations.

Take the time over the next 2 months to be a part of the WUPA journey by visiting the participating venues on the trail, Hunter Valley Resort, Crowne Plaza, Sebel Kirkton Park, Drayton’s Wines and Brookes Promise.

But again, and most importantly UNGOOROO would like to thank everyone who made the WUPA 2015 opening night the great success and experience it was.

The UAC staff, The Hunter Valley Resort staff and management, our Platinum sponsor Coal and Allied and our Gold Sponsor Glencore, guests and most importantly, the artists and dancers who shared their stories and culture with us.

BELOW: painting by Aunty Denise Hedges
On Tuesday November 24, Engineers Without Borders from the University of Sydney came to our school and taught us about engineering. The first task was a problem solving task about making prosthetic legs for the people of Cambodia. The task used household objects to make the leg, and then the legs were tested with how well they worked.

The second task was to make a floating house to hold as many marbles as it could before it sunk. These were based on floating houses in Cambodia. The students that came in have inspired me to become a medical engineer. The mini lessons we had were very fun and educational and it would be great if we could have the students come again and do more lessons like these!

By Piper Francis
Annual LifeSaving Program
Each year, the PDHPE faculty staff, with the support of Year 7 advisors and the broader school community runs our annual Lifesaving program. This year the program will be held in Week 9 at the Singleton YMCA Swim and Gym.

This program targets personal safety, leadership and teamwork and personal skill development in aquatic environments. It is conducted using a peer teaching/mentoring model following the structure of the Royal Life Saving Association Australia (RLSAA) Swim and Survive Program as well as the Bronze Medallion qualification process.

Year 11 Sports, Lifestyle and Recreation, VET Sports Coaching and Year 9/10 Physical Activity and Sports Studies students are extensively trained as group leaders, who assist in guiding small groups of Year 7 students through the highly structured Swim and Survive Program. Each Year 7 student is assessed for their current level of competency and placed into an appropriate group level to develop their swimming and lifesaving skills. All students will also receive training in the vital life skill of CPR and Resuscitation. PDHPE staff are accredited RLSAA Swim and Survive, Bronze and Resuscitation Examiners and are able to officially assess and accredit student competency and achievement.

The 2015 program structure is as follows:
Monday 31st Nov ‘15
Year 9,10,11 Leaders Training Day

Tuesday 1st Dec - Thursday 3rd Dec ‘15
All Year 7 students to attend and complete structured 3 day program. Compulsory attendance. No classes or supervision at school for Year 7. All senior leaders to attend.
Friday 4th Dec ‘15
Year 9,10,11 Leaders Bronze Assessment Day

All students have received information and permission notes on multiple occasions this Term. They are to be completed and returned ASAP to the PDHPE staff. There is a cost associated with the program which covers entry to the pool each day (members are not required to pay entry costs) as well as RLSAA fees. If any student has an issue with payment for the program, appropriate equity support for participation is available.

If there are any further questions please feel free to address them to program coordinators, Mr Andrew Somerville and Mrs Tracy Orbell or any of the PDHPE staff.

Thank you for the ongoing support of this valuable program.

Mr A Somerville / Mrs T Orbell – SHS Annual LifeSaving Program Coordinators
Logan Ellis is currently competing at the Pacific School Games in Adelaide. Incomparable to any other international school sport championship, the Pacific School Games provides opportunities for around 4000 school-aged students to participate in nine different sports at the highest level. It is the flagship event of School Sport Australia, which provides educational opportunities for Australian and international students through the conducting of games in a range of sports.

Who competes in the Games?
Students aged between 10 – 19 years from at least 12 countries, including every Australian state and territory, will compete from November 21 – 29, 2015. Australian students qualify for the Games through their state or territory school sport unit pathways and international students follow their national school sporting association pathways.

What sports will feature in the Games?
The sports of Swimming, Diving, Basketball, Touch Football, Baseball, Softball, Football (Soccer), Table Tennis and Goalball will feature in the 2015 Games.

The Pacific School Games has a strong focus on including sports in which students with disabilities are able to participate. The organising committee of the Pacific School Games has a strong link with the Australian Paralympic Committee, Deaf Sports Australia and AusRapid in regard to organising such specialist events. They also work with these organisations to create pathways through to national championships in the competitors’ chosen disciplines.

Where are the Games held?
This year the Pacific School Games are heading to Adelaide! Competitions will take place across the city including the Glenelg Baseball Club, Pasadena High School, Wayville Stadium, Adelaide Shores, Westminster School, South Australian Aquatic Centre, the Netball Centre (formally ETSA Park) and the City Parklands.

What else happens during the week of competition?
The focal point of the Pacific School Games is to expand on the activities of the member bodies across Australia and their international guests in order to participate in competitions offered at both primary and secondary levels. Sporting disciplines are an integral part of the Pacific School Games, but they also offer an immense educational, multicultural and social benefit for participants.

The core components of the Pacific School Games are:
• to ensure a high level of international sporting competition
• to include curricular, educational and cultural opportunities; and
• to provide opportunities to interact in a multicultural environment with visiting nations
The new total amount raised by “Tommy’s Day” is now $15000. $500 was donated the day after we presented the cheque to the Cancer Council.

Over $100 was raised for The School of St Jude in Tanzania through the raffle for the 5kg box of chocolates. Meg Harris was the winner of the chocolates.

“Wishing Tree”
The student council has organised for the Wheelbarrow full of prizes located in the entry foyer to be won by the person who purchases the winning BOX/Number to be found on a sheet of cardboard in the Common Room. Only 100 BOXES/Numbers available at $5:00 per BOX. All details are on the table in the Common Room. If any student would like to purchase a BOX/Number please see you SRC Representative or go to the SRC room and speak to a representative.

All proceeds from the purchase of BOXES for the Wheelbarrow are to go to Cooinda Nursing Home in Singleton.

Also the student council is accepting donations of personal items such as; Dove soap, deodorant, nail polish, nail clippers and nail files, knee rugs, lollies, chocolates, note books and pens, puzzle books eg find a words, easy crosswords. All items can be left in boxes provided in the Common Room, the front counter at the office and at the canteen.

Again all the items donated will be passed onto the Cooinda Nursing Home in Singleton.

Staff and student support is appreciated.

NATIONAL ART SCHOOL SHORT COURSES IN VISUAL ARTS
Do you love visual arts? Get creative this Summer holidays with a National Art School short course!
The National Art School is an accredited higher education provider, endorsed by the NSW Department of Education and Arts. We offer tailored short courses for teenagers and adults, in a creative and engaging studio environment.
Taught by professional practicing artists in our beautiful sandstone Darlinghurst campus, our short courses equip students with the skills and confidence to develop their own unique visual language and create original artworks.
Choose from our Summer School courses in drawing, ceramics, painting, printmaking, photography and sculpture.

To Book please visit nas.edu.au or contact +61 2 9339 8653
or shortcourses@nas.edu.au
